Rationale

Students who participate in extra-curricular activities at Allatoona High School are required to maintain academic eligibility while involved. To facilitate this success, the BUC Academic Lounge will create a quiet environment where students can go to study, get extra assistance in their classes, and work toward academic success, which will help them to achieve all of their goals for high school.

Requirements

The Academic Coordinator will check grades weekly for each student in active programs and each three weeks for each student

***The BUC Academic Lounge is a year-round program, regardless if the student participates in activities for a full school year. Therefore, students' grades are checked both semesters, and not just the time they are participating in their chosen activity.*
